DEDICATION

We, the Senior Class of 1955, wish to dedicate this annual to our parents, our teachers, and the citizens of Milford. We would like to thank our parents for the support they have given us in both the hard and the easy tasks. Our thanks are extended to our teachers who have toiled with us through our twelve years of school so that we may broaden our knowledge. The class also wants to thank the citizens of Milford for the backing that they have given to the activities sponsored by our Senior Class.

CLASS OF 1955 PROPHECY

As old father time leafs through the pages of his records around the year 2000, he comes to the pages accounting for the deeds and misdeeds of the class of 1955, Milford High School. He pauses here to have his memory refreshed on the actions of the youth of yesterday. Shall we peek over the old gentleman's shoulder and see for ourselves?

The first name on our list is that of Alan Beer. It seems that after Alan had passed from the "Halls of Ivy" for the last time, he went on to attain great fame as the world's best educated sewer cleaner.

The next three climbed, and I do mean climbed, to high honor together, Joe Haney piloted the first round trip interplantary flight with the able assistance of his blond co-pilot, Dorothy "Dot" Rensberger. They were accompanied by the U.S. Ambassador, Carolyn Crafton, who was to promote good will in whatever spot they landed.

Now we come to the spot on the record that Milford is most proud of. After a vigorous campaign, Nova Jean Morris became the United State's first woman president with the unanimous vote of the people.

Another former Trojan also went to the governmental side of business. Indiana was well represented by the (shall we put it mildly?) long winded Senator, Ray Haab. Ray, a good friend of the Governor attended many elegant parties in the governor's mansion. The governor's wife, the former Nancy Gerber, was voted "The Hostess With The Mostess" many times over.

Darell Bowman devoted his life to his chosen profession, newspaper work. After M.H.S., Darell spent the rest of his years as copy boy for the Chicago Tribune.

The graduate from Milford most happy in his work was Max Clark. He left Milford only to become the dean of "Vassar," a world renown girls' college.

The next little lady on our list went into a somewhat un-ladylike profession. Miss Alice Geiger was employed at a leading night club as a lady bouncer.

James Moore changed, not only his style of work known by M.H.S., but also his name. He was known all over the continent as "Jaques", the women's hair designer, creator of the "Jaquette" hair style.

Glyn "Sonny" Hamilton has a mild existence devoting his life to little living things. For you see Sonny was a Bacteriologist.

Barbara Yoder showed her ability to run things and carry high authority when she became warden at the Women's State Prison. She brought the escape rate down almost 100 percent.

We have three representatives in the musical field. First, Carol Miller became known at home and abroad as the best tap dancer since Ann Miller. Another name on our list is that of Dick Holderread. Dick gained the high honor of being the solo piccolo player in the Philharmonic Orchestra.

Last but not least we have George Bowler, the most graceful male ballet dancer ever to grace a stage.

Roger Baumgartner became quite a famous columnist writing under a strange pen name. The title of his column was "Aunt Nellie's Advice To The Love Lorn".

La Mar Stutzman was one of the few to remain in Milford. He increased the size of the Milford Library and reigned over his brood as head librarian.

Alyce Wehrly devoted her life to music as everyone expected. She reached great heights playing the piano in the Chicago Museum Nickelodeon to the silent picture of 1903, "The Great Train Robbery."

The great lover, Phil Campbell, has achieved great fame as recruiting sergeant for the Waves.

Our town queen, Clarann Hartter, did go to the stage as everyone expected. She has recently retired after scrubbing the stage floor in the Metropolitan Opera House for 35 years.

Pat Slabaugh, after many hard years of brick laying, received fame for designing the triangular brick used so extensively today.

Slowly closing his book, Old Father Time wearily nods his head and says, "A job well done by the class of 1955."

Written by Pat Tobin

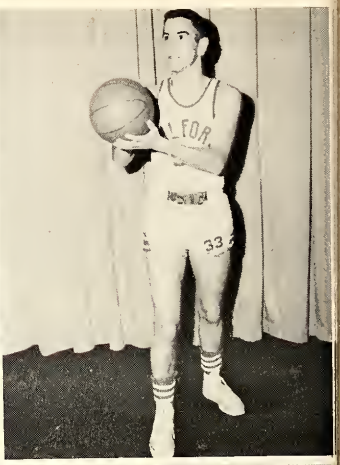
COUNTY BASEBALL CHAMPS!

ALAN BEER

Alan has been the team's field captain this year and has been the team's spokesman for the last two years. Although he didn't get to play too much his spirit was a great help to the teams morale. Alan doesn't score much but is a rugged rebounder and a great team player.

PHIL CAMPBELL

This is Phil's second year on the varsity and is doing an usually fine job. Phil is one of the smallest players on the team but makes up for this lack in size by a lot of hustle and fight. Phil was the third highest scorer on the team last year with 250 points and hit 151 this year.



FRED HERSHBURGER

Fred is the only sophomore on the team and is doing a good job despite his inexperience. Fred is a good shot and a tough rebounder. He is exceptionally fast and can handle the ball. The Milford cheering section should see a lot of good basketball from Fred in the next two years.

DICK HOLDERREAD

Dick is another returnee from last years team and is handling the guard position again. Dick's favorite shots are a jump shot from the free throw line and a driving lay-in he can usually be depended upon to chip in 6 or 8 points. Dick won the free throw trophy last year with a 63 per cent.

JIM MOORE

Jim is one of the hest shots on the team and he came through with some good games. Jim's main trouble was his size, but he worked hard and made up for his lack of size by a lot of hustle and fight. This is Jim's first year on the varsity and although not a high scorer his playmaking ability is a great asset to the team.

RAY HAAB

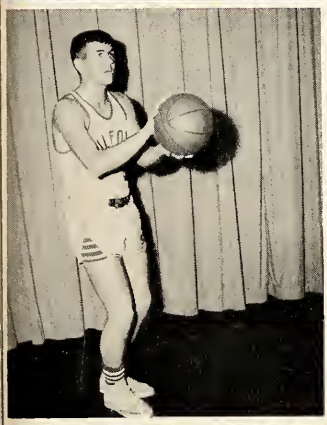
Working his way up from last years second team, Ray broke into the starting lineup after the first five games and has done a great job. He didn't have as much experience as the other starters, but Ray came through in fine style. He has scored 98 points this year and is also a good rebounder and defensive man.

FREDDIE WIESSER

Freddie was the student manager this year and handled the job exceptionally well. He is a hard worker and gets things done. He always had shoe strings, gum, tape and the other minor things that the team needed.

LARRY LOSEE

Larry was the teams leading scorer this year scoring 430 points for a 20.5 points per game average, and ranked second in the county in scoring. He is only a junior and will be back next year to help the Trojans cause. Larry, standing 6'1" was the teams top rebounder of the season.

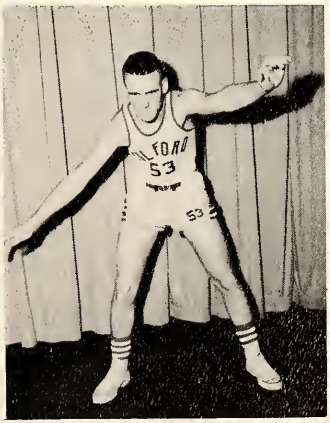


GLYN HAMILTON

This was Glyn's third year on the varsity and he turned in a creditable job. He has been one of the teams top acorers for the past two seasons and was also a good rebounder.

KENNY KAUFFMAN

Kenny did not get to play very much this year but he contributed much to the teams success by his everlasting spirit. He is only a junior and should see plenty of action next year.



LARRY HANEY

Larry is one of the four underclassmen on the varsity and will be counted on next year. Although not a high scorer, Larry should be a great help to the team with his rebounding. He is 5'10" and weighs about 160 lbs.

ERVIN TROUP

Ervin is the most improved player on the team and should win a starting position next year. He is a good rebounder and can be counted on to do his share of the scoring. Ervin gained valuable experience in substitution roles this year.
